Employee Management

Reservation Centre

Quick access combined with easy GUI, Reservation Centre makes carrying out everyday reservation transactions effortless.

What all do I get in Reservation Centre?

- Intuitive & informative user interfaces
- Check data instantly to make quick and accurate decisions
- Easily control and update room rates
- Set separate rates for all business resources.
- Smooth and instant booking process

Apart from the obvious PMS features, how can I manage/streamline operations with Reservation Centre?

- Quick availability & reservation search
- Remove & update cancellation/no show bookings with one click
- Update booking inquiries/confirmation as well as hold reservation
- Keep a tab of guest preferences
- Manage extra services like pick up/drop off services

FrontDesk Operations

Organizing all your basic and major front-desk operation, the streamlined system with organic flow process acts as the centre of hotel operations.

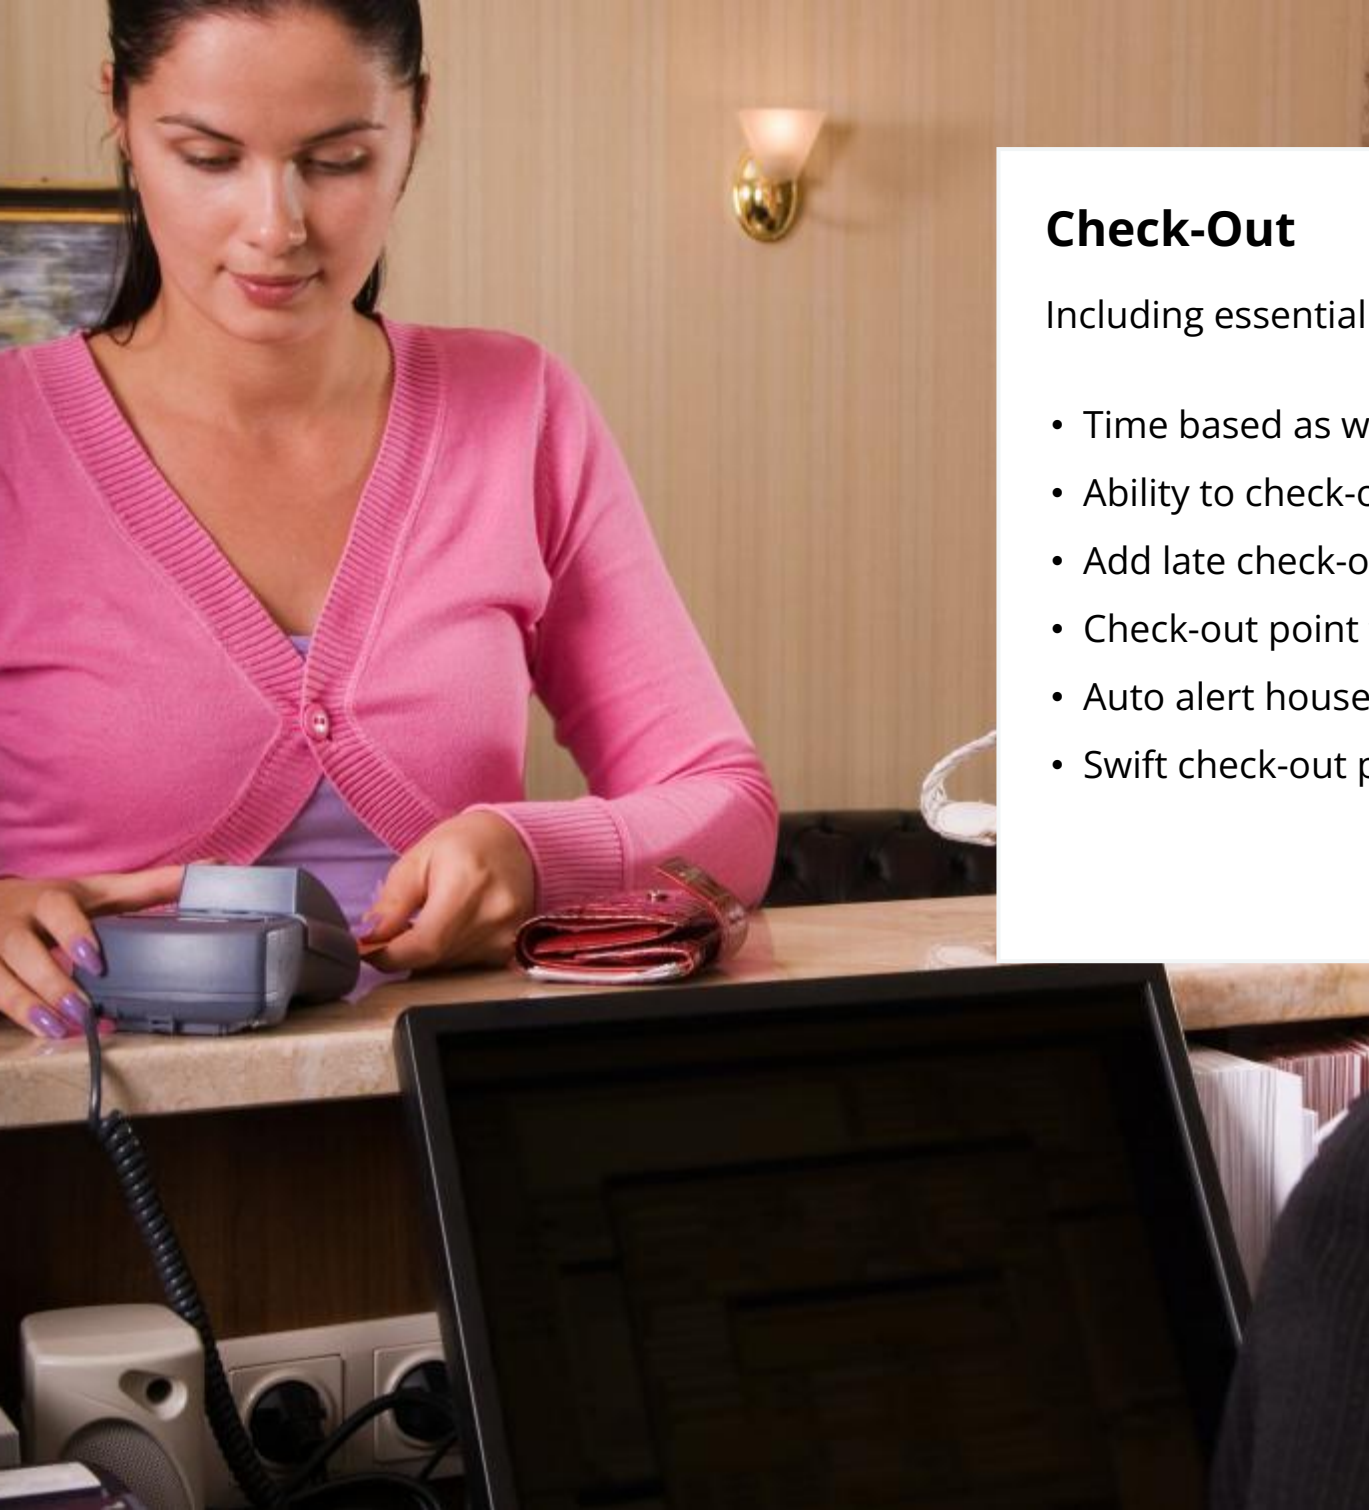

What is included in the major functions of front-desk Operations?

There are 2 chief characteristics offered with this feature

Check-In

Which further includes

- Swift check-in process
- Allotting room enriching occupancy levels
- Allot rooms as per guest preferences
- Suitable for day-use services for transit guest
- Easily organize meal plans selected by guest
- Upsurge guest relations with complimentary rooms
- Easily update guest information like
 - ✓ Guest's digital documents
 - ✓ Visa details for international guest
 - ✓ Registration cards & e-signature
 - ✓ Selected meal plans

Check-Out

Including essential services such as

- Time based as well as 24 hours check-out service
- Ability to check-out at 0 balance
- Add late check-out fee
- Check-out point to add extra services to the bill
- Auto alert housekeeping upon check-out
- Swift check-out process

Rates & Taxes

Create and define unlimited number of rates in the system for a flexible rate management resulting in higher revenue.

How many type of rates are supported in the system?

Through eZee, you can set-

- Linear and non-linear rates
- Allocated rates
- Seasonal rates which changes rates as per the season rush
- Contracted rates to change rates as per pre-defined contract
- Support exchange rate

Will your system help me with the tax management?

Giving you more control, our system even calculates and applies the taxes to the guest folio as per the pre-configured setting.

How will that benefit me?

- Set up to 4 different types of taxes
- Take advantage of advanced tax management
- Charge taxes as per number of guests
- You can even configure taxes expected in future

Revenue Management

eZee's revenue management tool allows you to build the perfect pricing strategy while keeping an eye on your profit margins.

How will Revenue Management be useful to my property?

- Upscale revenue with yield management
- Get a complete revenue breakdown
- Achieve maximum occupancy
- Benefit from the revenue forecast

Back Office Operations

If it is called eZee FrontDesk, will I be able to manage the back office task?

We meant it when we say streamline all hotel operations, along with frontdesk, eZee PMS allows you to manage various back office operations as well.

eZee FrontDesk helps you perform various operations such as

- Night audit / Day close
- Maintain daily miscellaneous sales and expenses
- Maintain dedicated ledger accounts

Invoice, Bills and Cashier Center

When it comes to organizing your bills and invoices, here is how eZee FrontDesk is helpful to you

- Offers various payment modes
- Multiple settlement options
- Manage and update advance payments
- Organize invoices
- Generate and updates bills to company
- Automatically route folios
- Option of splitting folios
- Supports multi-currency
- Manage cashier shifts

Group Operations

Booking a group of travelers is as easy as doing an individual booking in eZee FrontDesk. Select the rooms you want to allocate to the group and club them together under the group's name.

We receive a lot of group bookings, please explain me the functions of group bookings in the system.

The functionalities of group management include

- Group reservation
- Group check-in
- Group invoice
- Group payment
- Group identity with different colour
- Add / Remove transaction to group
- Group cancel / No-show
- Group check-out

System Access Controls

At eZee, we completely understand the importance of providing different access to users as per user hierarchy.

Below are few of the many processes that are included in the system

- Offer access rights as per user role and user hierarchy
- Maintain audit trails and voids
- Maintain user activity log

Alerts and Notifications

Does eZee PMS provide any notification system?

Yes, eZee FrontDesk offers the most comprehensive notification alerts including

- Email notification for upcoming events
- Notifications for previous guests birthdays and anniversaries
- Various type of housekeeping alerts
- Guest Interaction
- Administrative data
(Room Revenue, Occupancy, Payments, Taxes, etc.)

Housekeeping and Maintenance

We run an extravagant housekeeping service and it gets very difficult to manage all the process, can you help me with that?

Running an efficient housekeeping team and running operations without hiccups is no easy task but eZee FrontDesk gives you a complete picture of housekeeping operations.

Here's how

- Dedicated housekeeping view
- Housekeeping inventory management
- Tasks assignment & scheduling
- Inspection of all rooms
- Various alert notifications
- Manage out of order services
- Organize all maintenance activities

Analytics and Reporting

Covers a wide range of detailed reports, eZee FrontDesk offers deep insights into all aspects of hotel operations.

To name a few eZee PMS includes various reports for

- Marketing and analysis
- Bookings and reservations
- Audit and void operations
- Front office operations
- Tax & Discount
- Income, cash and accounts
- Departmental and managerial reports

Make the most out of Managerial Reports

Dedicated to the managers and hotel owners, the managerial reports gives you a quick glance on the property's current status along with detailed analysis about total income, income source expenses and more helping to analyze profiting sources of income along with insights to guest moment and guest behaviour.

Giving you further edge on user and hotel guests you can get various detailed reports.

- **Room Revenue** - Complete revenue from all room sold
- **Payments** - All the payment accepted and executed by the hotel
- **Taxes** - All the taxes collected, paid and due to the hotel
- **Extra Charges** - Revenue from all the extra services to the guest
- **Rooms Statistics** - Details about all room sold, rooms booked, current occupancy, room rate, etc
- **Occupancy** - Analysis about current occupancy rate, expected bookings and more
- **ADR** - To indicate the average realized room rent per day
- **RevPAR** - To provide revenue earned per available room
- **Business Source Analysis** - Details about all revenue sources
- **Audit & Void** - Indicating details on hotel's current audits and void orders
- **Flash Report** - At glance report on hotel's income and expenditure
- **Night Audit Report** - Review of daily guest account transactions
- **Room owner detail** - Bifurcated reports based on room owners and revenue
- **Arrival/Departure report** - Glance view of all upcoming guest arrivals and departures
- **City Ledger Register** - Particularities about associated corporate accounts

Banquet and Event Management

We organize various events at our property, can eZee PMS help me manage that along with the hotel operations?

Yes, we can do that and much more.

With eZee FrontDesk Banquet and Event Management module, you get a dedicated view for banquet management.

What are the functions that I can perform with that?

- Function prospect
- Event menu management
- Catering management
- Buffet management

Mobile App for Reports

eZee's Mobile App for reports sends summarized hotel reports right to your tablet and smart-phone

Oh, that is fascinating, tell me what are the reports that I can view from the App?

eZee iReport includes reports of the current day, period to date and year to date room revenue as well. It also includes

- App dashboard
- Managerial reports
- Marketing & analysis reports
- Operation status reports

Laundry Management

Taking care of the minute details, eZee PMS also offers laundry management for hotels offering laundry service.

The laundry management module includes

- Guest laundry management
- Hotel laundry management
- Laundry costing, billing and cashiering
- Laundry delivery

Minibar Management

Apart from giving you complete control over the main processes of your hotel, eZee PMS also gives you complete control over small yet critical services like minibar management

Minibar management module includes

- Minibar inventory management
- Billing and cashiering
- Auditing and posting
- Breakage / Wastage
- Mobile minibar

Employee Management

Additionally, eZee's employee management will empower you with all the tools for better management of your team and employee related processes

Such as

- Managing employee clock-in / clock-out
- Timesheet management
- Leave management
- Holiday management
- Employee profiling
- Shift management

Third Party Hardware and Software Integration

With 400+ available integrations, our partnerships with top vendors most certainly exceeds more than any other solutions.
